The Omaha System is a research-based, comprehensive practice and documentation standardized taxonomy designed to describe client care. It is based on rigorous and extensive research, and enables collection, aggregation, and analysis of clinical data worldwide.

Omaha System - References

Nursing is a profession within the health care sector focused on the care of individuals, families, and communities so they may attain, maintain, or recover optimal health and quality of life. Nurses may be differentiated from other health care providers by their approach to patient care, training, and scope of practice. Nurses practice in many specialties with differing levels of prescription ...

Nursing credentials and certifications are the various credentials and certifications that a person must have to practice nursing legally. Nurses' postnominal letters (abbreviations listed after the name) reflect their credentials—that is, their achievements in nursing education, licensure, certification, and fellowship. The letters usually appear in the following order:

APRN Application. What is the first step to obtaining an advanced practice registered nurse (APRN) license in Texas? A nurse who wishes to be licensed to practice as an APRN in the state of Texas must be licensed as a Registered Nurse in Texas or have a current, valid RN license with multistate privilege...

Texas Board of Nursing - APRN Practice FAQ

Introduction. High quality care is essential to meet the increasingly complex medical and palliative needs of nursing home residents. The proficiency of the staff in nursing homes and similar facilities is considered a crucial factor in providing health care that will limit afflictions and pain and enhance quality of life for this group of residents (Elsner et al., 1999, Curry et al., 2009).

Studies of the psychological well-being of elderly living alone have yielded inconsistent results. Few investigators have distinguished living alone from loneliness in the same study. Thus, the present study

examined the independent and interactive effects of living alone and loneliness on depressive symptoms (GDS score) and quality of life (SF-12 MCS score) in a prospective 2-year follow-up ...

Living Alone, Loneliness, and Psychological Well-Being of

Attitudes about Aging. An attitude is a feeling, value, or belief about something that determines behavior (Meiner, 2015). For example, if a nurse has the attitude that characterizes older adults as less healthy, less alert, and more dependent, then his or her initial assessment of the patient will reflect this attitude.
