The financial crisis of 2007–2008, also known as the global financial crisis and the 2008 financial crisis, is considered by many economists to have been the worst financial crisis since the Great Depression of the 1930s. It began in 2007 with a crisis in the subprime mortgage market in the United States, and developed into a full-blown international banking crisis with the collapse of the ...

Years of building pressure in many parts of the world, at least since the global financial crisis, 1 crystallized into dramatic political results during 2016 as public disaffection with the status quo gained traction. In the West, consensus expectations were defied by the United Kingdom's decision to leave the European Union, by President-elect Donald Trump's victory in the United States ...
