Although some features of German grammar, such as the formation of some of the verb forms, resemble those of English, German grammar differs from that of English in that it has, among other things, cases and gender in nouns and a strict verb-second word order in main clauses. German has retained many of the grammatical distinctions that other Germanic languages have lost in whole or in part.

Note: The possessive is not a case of the personal pronoun; rather, it's a pronoun itself. This table shows the possessive pronoun's stem, which is declined as an ein- word (that is, like the indefinite article "ein"). The genitive case indicates possession or association, and is equivalent to, and ...

In linguistics, grammar (from Greek: γράμμα, γράμμα, γράμμα) is the set of structural rules governing the composition of clauses, phrases, and words in any given natural language. The term refers also to the study of such rules, and this field includes phonology, morphology, and syntax, often complemented by phonetics, semantics, and pragmatics.. Speakers of a language have a set of internalized ...
