Guanxi (Chinese: 关系,) defines the rudimentary dynamic in personalized social networks of power (which can be best described as the relationships individuals cultivate with other individuals) and is a crucial system of beliefs in Chinese culture. In Western media, the pinyin romanization of this Chinese word is becoming more widely used instead of the two common translations of it ...

Human sexual activity, human sexual practice or human sexual behaviour is the manner in which humans experience and express their sexuality. People engage in a variety of sexual acts, ranging from activities done alone (e.g., masturbation) to acts with another person (e.g., sexual intercourse, non-penetrative sex, oral sex, etc.) in varying patterns of frequency, for a wide variety of reasons.

The relation between individual and society is very close. Essentially, society is the regularities, customs and ground rules of antihuman behavior. These practices are tremendously important to know how humans act and interact with each other. Society does not exist independently without individual. The individual lives and acts within society but society is nothing, in spite of the ...
