Occupational safety and health (OSH), also commonly referred to as occupational health and safety (OHS), occupational health, or workplace health and safety (WHS), is a multidisciplinary field concerned with the safety, health, and welfare of people at work. These terms also refer to the goals of this field, so their use in the sense of this article was originally an abbreviation of ...

In the wake of unassailable medical research proving commercial tobacco's lethal effects, tobacco control policies have proliferated. Tobacco exacts a staggering toll on the world population – not just in mortality (approximately 5 million deaths a year) but in billions of dollars in tobacco-related health care costs and expenditures due to active and passive smoking.
