Silent Spring is an environmental science book by Rachel Carson. The book was published on 27 September 1962 and it documented the adverse effects on the environment of the indiscriminate use of pesticides. Carson accused the chemical industry of spreading disinformation and public officials of accepting the industry's marketing claims unquestioningly.. In the late 1950s, Carson turned her ...

A total of 36 participants completed the study. Participants'™ age was 23.8 ± 3.9 months with 9 males and 27 females. The majority of participants were White and not of Hispanic Origin (n = 34). A total of 17 were only children with the remaining having one (12) or more (7) siblings.

The influence of the number of toys in the environment on

How Children Succeed introduces us to a new generation of researchers and educators who, for the first time, are using the tools of science to peel back the mysteries of character. Through their stories™ and the stories of the children they are trying to help™ Tough traces the links between childhood stress and life success.

How Children Succeed | Paul Tough

The current research explores the relationship between living abroad and self-concept clarity. We conducted six studies (N = 1,874) using different populations (online panels and MBA students), mixed methods (correlational and experimental), and complementary measures of self-concept clarity (self-report and self-other congruence through 360-degree ratings).
